

NEW CELL PHONE HOLDER

The new CTP cell phone holder is designed to keep your hands and wrist at a better angle as well as your fingers in their natural curve to prevent your mobile device from falling out of your hand.

Some of its features include:

- ✓ Allows for hands-free activities.
- ✓ Can be used as a tablet grip.
- ✓ One-handed control.
- ✓ Functions as a car mount.
- ✓ Can serve as a convenient stand.
- ✓ Repositionable design that can stick to most surfaces.
- ✓ Secure grip.
