Grease Pump 7H1680

Part No.	Description
7H1680	Grease Pump

GREASE PUMP

New and improved CTP Grease Pump

Features and Specifications:

- ✓ Offers 3 different pressure settings that are adjustable to your operation preferences.
- ✓ The gauge of the sheet metal is thicker to give more strength to the structure of the tank.
- ✓ The piston pump is attached to the tank by four screws and four nuts. This mechanism provides better resistance.
- ✓ It comes equipped with rubber gaskets around the piston and the filler cap to prevent pump from leakage.
- ✓ Piston parts are interchangeable with OEM part numbers.
- ✓ Pressure can go from 3000 to 5000 psi with just a few strokes.
- ✓ 20 Kgs Capacity.

Grease Pump Includes:

*Repair Kit (for future adjustments)
All components are inside the grease tank.

* Other part no. not included in the list are available. Please contact your sales representative if you have any questions.
Part Numbers are used for reference purposes only
