

CHOCKY BARS & WEAR BUTTONS

CTP Chocky Bars and **Wear Buttons** provide maximum protection against high abrasion for your excavator, shovel, or loader bucket. Wear bars are easily cut, formed and welded onto contoured surfaces to provide that extra layer of protection against wear and impact under the harshest conditions. Wear buttons can be arranged and welded in a variety of ways to provide extra protection to smaller areas.

With a variety of shapes and sizes, these products are easily installed to high wear areas resulting in reduced maintenance and downtime. CTP Wear products Extend the life of your equipment bucket.

Notched mild steel backing plate is easily bendable to conform to shape

Mild steel backing plate is easily cut to size

No Pre-heating required to weld in place

HIGH-CHROMIUM MOLY WHITE IRON
