

Increase productivity

Use the PISTON No. to identify the Liner Kit
(Kit No. = Piston No. + LK)

LINER KITS

CTP Liner & Piston kits are assembled from the highest quality components. Our Wet Liners have a proprietary oxide coating to reduce cavitation, a roll burnished radius to prevent flange fractures and precise cross hatch bore finish for proper ring seating. Liners receive heat treatment to ensure strength and durability. CTP liner kits include premium pistons, piston rings, piston pin, pin retainers, liner seals and wet liners**.

Special Seal Kit 1609874

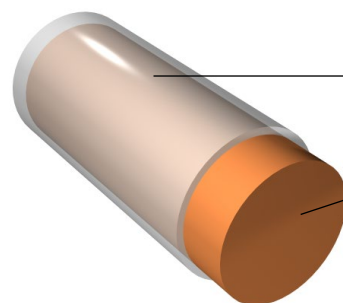

- 1427072: Top O-ring
- 1102220: Middle O-ring
- 1425217: Bottom O-Ring

● 9L5854

PTFE is used to encapsulate O-Rings, improving their performance in the toughest applications.

PTFE

Core Materials:
EPDM
HNBR
VITON

* Other part no. not included in the list are available. Please contact your sales representative if you have any questions. Part Numbers are used for reference purposes only.
** Depending on the engine type, some liner kits include repair sleeves that require machining of the engine block.

Use the Piston No. to identify the Liner Kit (Kit No. = Piston no. + LK)
