

TURBOCHARGERS FOR KOMATSU®

At CTP, you can find a vast variety of Komatsu® turbochargers in stock and ready to ship. All of our turbochargers are designed and manufactured to operate reliably, even under stressful conditions. Our compressor wheels are made with 354 heat treated cast aluminum alloy and are designed and built stronger than conventional wheels, thus withstanding higher speeds and temperatures, which allows for better balancing due to their higher density.

Part No. 6745-81-8040
Part No. 6505-12-9005

Part No.	Engine Model	Application
6137-82-8200	S6D105	
6138-82-8201	S6D105, S6D110, SA6D110	
6151-81-8500	6D125, 6D125E, S6D125, S6D125E	
6151-82-8500	6D125E, S6D125E	
6152-81-8110	S6D125	
6152-81-8210	S6D125	
6152-81-8310	S6D125, S6D125E	EGS240, WA470
6152-82-8210	SA6D125E	PC400, PW400MH, WA450, WA470
6152-83-8110	S6D125	
6156-81-8170	SAA6D125E	PC400
6207-81-8130	S6D95L
